

TANNER ELECTRIC

C o o p e r a t i v e

Owned By Those We Serve

Tanner Electric Cooperative is seeking a Journeyman Electrical Lineworker to join our team. This position performs a wide range of work including construction, maintenance and operation of our overhead and underground transmission and distribution system, operation of equipment, and some interaction with co-op members. This is a full-time, bargaining unit position.

*Relocation to within 45 minutes of our headquarters in North Bend is a requirement as well as some travel to our other show up location on Anderson Island, WA.

Journeyman Lineman

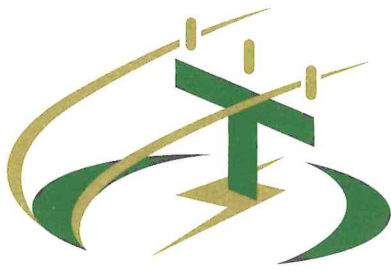

Reporting to: North Bend, WA

Wage: \$ 74.48/hr with full benefits

Duties: Construct, install, and maintain overhead/underground electrical power lines and auxiliary equipment.

Responsibilities include the demonstrated ability to safely:

- Work above ground on poles or steel towers in all types of weather and at night
- Make emergency repairs
- Operate man lift equipment, including boom trucks, bucket trucks, or other specialized equipment above, on, or near energized lines
- String, splice, transfer, and sag wire on energized/de-energized circuits using a variety of types of tools, splices, and connectors
- Construct, install, remove, transfer, maintain, and repair: transformers, current transformers, meters, switches, circuit breakers, all overhead/URD equipment and devices, poles, cross arms, insulators, guys, using a variety of hand tools, power tools, and equipment
- Perform line switching/sectionalizing as directed. Phase and connect circuits under load. Balance circuits as required
- Inspect lines, poles, and URD/above ground equipment for signs of damage or wear and report deficiencies

TANNER ELECTRIC

C o o p e r a t i v e

Owned By Those We Serve

- Assist in all operations involved in the construction or replacement of wood poles and steel towers
